

Peelin' Through the Net

Name _____

Using the Internet, find the amount of citrus produced around the world. Begin your search with <https://fdocgrower.app.box.com/shared/dt42f2c7kk>, select 2013 . You should see *Citrus Reference Book 2013* on your screen. In the table of contents, find the page with *World Orange Production*. Record the top 10 countries in order of production. After you have completed this, continue to the page *World Grapefruit Production*. Determine the top 10 grapefruit producing countries and record your findings, for the most current year, below. This worksheet focuses on oranges and grapefruit, but feel free to explore the production of other citrus fruits.
